My favorite Sherlock Homes game on Steam.. I wish there was a neutral button for rating this game. I don't want to give it a positive or a negative rec. It's not a bad game per se, but it could be so much better if it took some of the deductive/discovery elements and expanding on them. I wouldn't pay full price for this game, but if you are interesting in detective stories and you can get it on the cheap, it guess it's worth a go.. Should be called die a 1000 times. More like Indiana Jones than Sherlock Holmes. Cases are well made with good plots. but game play sucks! not recommended as a true Sherlock game. very disappointed. glad I got it on sale.. Too action oriented but still a worthwhile experience.. Great idea with Epic Store Frogwares
